

IN THE CLAIMS

Please amend claims 1, 4 and 8-11 as follows:

B1 SubC17

--1. (Twice Amended) A transmitter system for transmitting program

related information relating to program information, comprising:

generating means for generating said program related information and

display related information relating to displaying said program related information; and

transmitting means for transmitting said program related information and  
said display related information separately;

said generating means composing said program related information and  
said display related information of a first part including identification information for  
identifying said program related information and said display related information and a  
second part composed of actual data;

whereby said display related information includes information for  
initiating an operation in response to selection of a displayed item.

B2 SubC27

4. (Twice Amended) A receiver system for receiving program related  
information relating to program information, comprising:

receiving means for separately receiving said program related information  
and display related information relating to displaying said program related information;  
and

generating means for generating fourth information for displaying said  
program related information based on said program related information and said display  
related information

B2 Cont  
whereby said display related information includes information for  
initiating an operation in response to selection of a displayed item.

B3 Sub C3/ 8. (Twice Amended) A transmitting method for transmitting program  
related information relating to program information, comprising the steps of:

generating said program related information and display related  
information relating to displaying said program related information; and  
transmitting said program related information and said display related  
information separately;

said generating step composing said program related information and said  
display related information of a first part including identification information for  
identifying said program related information and said display related information and a  
second part composed of actual data;

whereby said display related information includes information for  
initiating an operation in response to selection of a displayed item .

9. (Twice Amended) A receiving method for receiving program related  
information relating to program information, comprising the steps of:

receiving separately said program related information and display related  
information relating to displaying said program related information; and

generating fourth information for displaying said program related  
information based on said program related information and said display related

information.

whereby said display related information includes information for initiating an operation in response to selection of a displayed item.

B3  
cont

10. (Twice Amended) A transmission medium for transmitting a computer program for transmitting program related information relating to program information, said computer program comprising the steps of:

generating said program related information and display related information relating to displaying said program related information; and

transmitting said program related information and said display related information separately;

said generating step composing said program related information and said display related information of a first part including identification information for identifying said program related information and said display related information and a second part composed of actual data;

whereby said display related information includes information for initiating an operation in response to selection of a displayed item.

11. (Twice Amended) A transmission medium for transmitting a computer program for receiving program related information relating to program information, said computer program comprising the steps of:

receiving separately said program related information and display related information relating to displaying said program related information; and
